

Delaware Bankers Association presents a
Compliance Education Institute course

Vendor Management Essentials

2 hours - CPE eligible (2 credits)
Web-based e-Learning
Cost: \$229.00

Vendor Management has been under the regulatory magnifying glass for several years and is only growing in importance with the advent of increased outsourcing, cloud computing and high visibility breaches. Understanding the numerous regulations, the components of a compliant program and how to prepare for exams and audits is the key to building, implementing and managing your program. **If you are tired of being told to "Read Guidance" then this training program is a must!**

Vendor Management: *Essentials* borrows from our highly acclaimed certification course and takes a detailed dive into the essential areas that anyone tasked with vendor management must know. Included are the new requirements from FRB and OCC Guidance issued in 2013. The areas of study within this course include:

- **Regulations**
- **Program Components 1:** *Due Diligence & Risk Rating*
- **Program Components 2:** *Contract Review, Periodic Review, Policy*
- **Exam and Audit Preparation**

Who Should Take This Course?

- **Compliance Officers**
- **Risk Officers**
- **Auditors**
- **Examiners**
- **IT Officers**
- **Information Security Officers**
- **Vendor Management Specialists**

Anyone responsible for managing the vendor management program!
