

YOUR COMPREHENSIVE COMPLIANCE SOLUTION

CYBER INSTITUTE

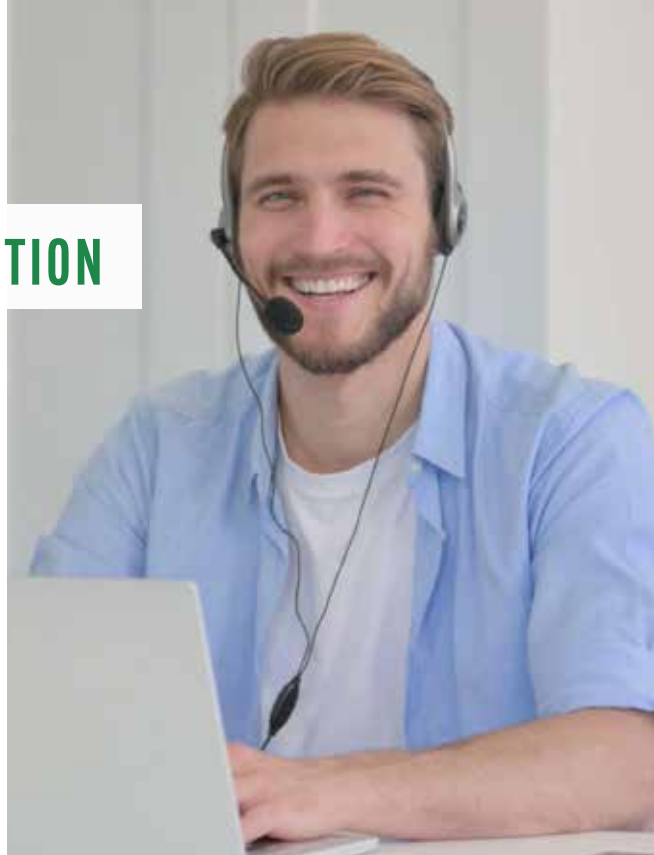

INDUSTRY-SPECIFIC TRAINING

All programs are available 100% online allowing banking professionals to complete their training at their own pace while maintaining their daily responsibilities.

CYBERSECURITY LEARNING FOR ALL STAFF

- Comply with industry regulations
- Mitigate data privacy risks
- Enhance operational security to prevent fraud, phishing, and financial cybercrime
- Implement best practices for risk management, data protection, and incident response

With interactive modules, expert-led webinars, and real-world case studies, participants gain hands-on skills that can be immediately applied within their institution.

ABOUT COMPLIANCE ALLIANCE

Compliance Alliance was established in 2011 in response to the Dodd-Frank legislation and has continually expanded in the compliance space ever since. Designed to alleviate the growing burden of regulatory compliance, C/A offers banks of all sizes comprehensive compliance solutions tailored to meet their unique needs. Today, C/A is a Knowledge as a Service innovator, delivering unparalleled compliance expertise and resources to financial institutions through a seamless blend of technology and human insight. The C/A team is made up of professionals who have extensive, real-world risk, compliance, and community banking backgrounds. Compliance Alliance bridges the gap between compliance demands and actionable solutions.

WHY CHOOSE COMPLIANCE ALLIANCE?

Compliance Alliance redefines compliance management through a KaaS approach, combining cutting-edge tools with the expertise of professionals who understand community banking. Every service is designed to empower financial institutions to stay ahead in an ever-evolving regulatory landscape.

Proven Milestones

- More than 36 state banker associations as partners
- More than 90 episodes of the "Banking Matters" podcast
- Nationwide rollout of new offerings, including Assurance Services in 2018, Virtual Partners in 2019, and Tailored Solutions in 2025.
