

Adaptive Learning Courseware

Meet the unique needs of your learners

When your employees sit through training on content they already know, it takes them away from serving your customers and closing business.

Adaptive learning courseware delivers training that meets the unique needs of an individual learner through pathways and resources that address the area they need the most focus on. This courseware adapts to the student's knowledge proficiency through allowing them to skip courseware in which they already show a proficiency and put a laser focus on areas of opportunity.

Benefits of Adaptive Learning Courseware:

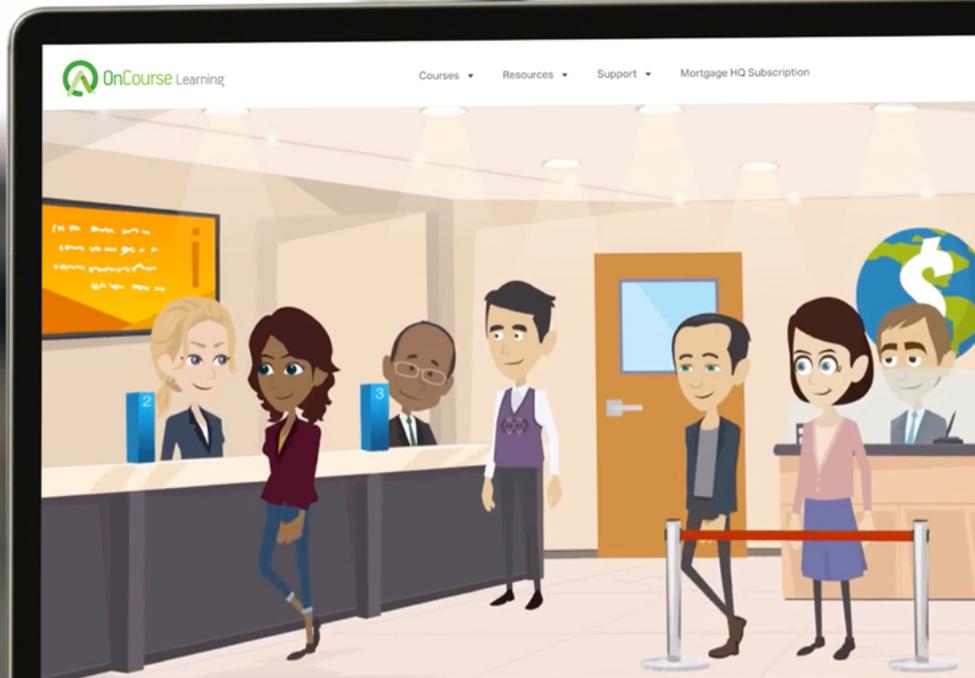

Individualized learning paths give learners the opportunity to acquire the knowledge or skills that they are lacking.

Greater time efficiency gives your staff more time to assist customers and generate revenue

Increase confidence and motivation of your learners by showing them what they know and what they don't know

These adaptive courses have all the elements of our effective, efficient, and engaging courseware, so you can be sure your students are receiving the highest caliber of content.

Adaptive Learning Courseware Available:

Elder Financial Abuse

This course explains elder financial abuse by teaching you how to recognize the different types of abuse, who the typical perpetrators of abuse are, and how to identify the victims of abuse. The course also illustrates ways that you can detect and prevent elder financial abuse in your institution. The appropriate response to financial abuse will be demonstrated through illustrations and case examples.
